EDUCATION

PSG Institute of Advanced Studies
Sep 2021 - Present
BE in Computer Science Engineering

Chettinad Vidyashram
2008-2021
Higher Secondary

COURSES

Natural Language Processing, NPTEL
Jan 2024 – Apr 2024

HOBBIES

Reading
Technology, Personal Development
Music
Various Genres, Coding Focus
Language Learning
Improving German Proficiency

PROFILE

Motivated undergraduate student pursuing a Bachelor of Engineering in Computer Science Engineering (CSE) with a keen interest in coding, software development, artificial intelligence, and machine learning, while also striving to develop leadership abilities.

PROJECTS

E-COMMERCE WEBSITE
Teamed up to create a static website for customer login, product display, and purchases. Implemented JavaScript for animations and transitions. Responsible for front-end design.

STUDENT PORTAL MOBILE APP
Currently working on developing a mobile app for a student portal as part of the Application Development Lab. Tasks include front-end design, backend development, and integration with student database systems.

EMAIL SPAM DETECTION SYSTEM
Collaborated with a team to develop an email spam detection system using Python and Scikit-learn. Implemented machine learning algorithms for classification and evaluated system performance using real-world email datasets.

SKILLS

Technical Skills
Proficient in Python, C, Java, MySQL, HTML, and CSS
Front-end development expertise
Interest in artificial intelligence and machine learning

Soft Skills
Leadership
Attention to Detail
Ability to Work in a Team
